One less bell to answer  
One less egg to fry  
One less man to pick up after  
I should be happy, but all I do is cry  
Oh, I should be happy

I only know that since he's left my life is so empty  
Though you try to forget it just can't be done  
Each time the doorbell rings, you still run

I don't know how in the world to stop thinking of him  
'Cause I still love him so  
I end each day the way I start out, crying my heart out

One less man to pick up after  
No more laughter, no more love  
Since he went away, since he went away

One less bell to answer  
Oh, why, why did he leave?  
One less bell to answer  
Oh, why, why did he leave?
