Darling, don't stay too long

Pretty baby

I know you're working hard for me

Darling, don't stay away too long

Pretty baby

Save the overtime for me

I walk around

Tryin' to find something to do

Baby, until your return

Turn on T.V.

Or play some solitaire

It does the job for a while

(For a while)

But nothing takes the place of you

(Nothing takes the place of you)

Just ain't no substitute

(Ain't no substitute)

'Cause you're all that I want in me

Only you can set me free

Darling, don't stay too long

Pretty baby

I know you're working hard for me

Darling, don't stay away too long

Pretty baby

Save the overtime for me

My love starts to come down hard on me

And I just can't find no relief, no

Only until I see your face again

I'm gonna be in such misery

Runnin' to the door

Peepin' out the window

Hopin' to see only you

Listen for the phone

(Checkin' out the tick tock)

Countin' if it's a certain time

Hear me now

5-4-3-2-1

Darling, don't stay too long

Pretty baby

I know you're working hard for me

Darling, baby, don't stay away too long

Pretty baby

Save the overtime for me

For me

Baby, baby

Save the overtime

Save the overtime

I know you have your eight hours to do

But it just don't feel good without ya

Oh, how I'm missing you

Oh, feelin' blue

I know it's crazy

But I, I walk around

Tryin' to find something else to do

Pretty baby, until your return

Turnin' on the T.V.

Or play some solitaire

Does the job for a while

(For a while)

Find yourself runnin' to the door

Peepin' out the window

Hopin' to see only you

Listen for the phone

Checkin' out the clock

(Checkin' out the tick tock)

Countin' if it's a certain time

Hear me now

5-4-3-2-1

Darling, don't stay too long

Pretty baby

I know you're working hard for me

Darling, don't stay away too long

Pretty baby

Save the overtime for me

Darling, don't stay too long

Pretty baby

I know you're working hard for me

Darling, don't stay away too long
