Everybody in this place
Is only here for one thing
And everybody knows my name
I've got a feeling this is gonna get insane

So let's make this our night
Woah! woah!

It's time to show this city
What we're made of
Setting our sights on losing our minds
Stood side by side
And we're feeling alive, feeling alive
Setting our sights on losing our minds
And we're feeling alive

And now you gotta understand
The needs of a man
And is this all goes to plan
It's gonna be just another one night stand

So let's make this our night
Woah! woah!

It's time to show this city

What we're made of
Setting our sights on losing our minds
Stood side by side
And we're feeling alive, feeling alive
Setting our sights on losing our minds
Stood side by side
And we're feeling alive

Feeling alive
Feeling alive

And is this all goes to plan

Setting our sights on losing our minds
Stood side by side
And we're feeling alive, feeling alive

Setting our sights on losing our minds
Stood side by side
And we're feeling alive, feeling alive
Feeling alive
Oh!
