Hey baby, you've been looking for me  
The best things in life don't come for free  
But I've worked too hard for this  
So nothing that you say can bring me down  
When tomorrow has come and gone  
Everything we've said and done  
Will mean nothing when our bodies  
Both get swallowed by the waves

The sea can't save our souls  
For our love we run  
We won't stop for anyone  
I can see the evil in your eyes

Goodbye my love  
I know we'll meet again  
I'm left behind  
But my heart will not let go

This all began with burning embers  
And now the fires of hell are waiting  
And when the cold hands of death reach for me  
I know my time has come and here I will meet my end

The sea can't save our souls  
For our love we run  
We won't stop for anyone  
I can see the evil in your eyes  
For our love we run  
We won't stop for anyone  
I can see the evil in your eyes

Hey baby, tell me what do you see  
There's no love left in me  
I've come to take what's mine  
We're nothing more than souls lost to the sea  
Bitch, you're coming with me  
I'll drag you down till you can't breathe  
The ice will fill your lungs  
And no one will hear you scream

The sea can't save our souls

For our love we run  
We won't stop for anyone  
I can see the evil in your eyes  
For our love we run  
We won't stop for anyone  
I can see the evil in your eyes  
For our love we run  
We won't stop for anyone  
I can see the evil in your eyes
