Yesterday is dead  
As dead as it ever was  
Yesterday has died  
And I've gone along for the ride

The future came along in time to save my life  
I'll be gone for the last time, consider me dead  
The future came along just in time to save my life  
I'll be gone for the last time, consider me dead

Chasing ghosts and killing demons  
Dreams that host ugly little scenes  
Oh and there's always pain  
Pain, Pain, even in the happiest things  
There's always pain in the happiest things

The future came along in time to save my life  
I'll be gone for the last time, consider me dead  
The future came along just in time to save my life  
I'll be gone for the last time, consider me dead

What'd you think I'd never change?  
What'd to you think I'd stay this way?  
What'd you think I'd never change?  
What'd to you think I'd stay this way?  
What'd you think I'd never change?  
What'd to you think I'd stay this way?  
What'd you think I'd never change?  
What'd to you think I'd stay this way?  
What'd you think I'd never change?  
What'd to you think I'd stay this way?  
What'd you think I'd never change?  
What'd to you think I'd stay this way?  
What'd you think I'd never change?  
What'd to you think I'd stay this way?  
What'd you think I'd never change?  
What'd to you think I'd stay this way?  
What'd you think I'd never change?  
What'd to you think I'd stay this way?

Once and for all  
I'll take the fall  
This high will never hurt me  
Starving for change in the face of the malaise

The future came along in time to save my life  
I'll be gone for the last time, consider me dead  
The future came along just in time to save my life  
I'll be gone for the last time, consider me dead

Now I'm dead  
I'm gone and dead  
Tomorrow died  
Went away  
Along for the ride  
I'm dying

I'm gone and dead  
I'm gone and dead
