On your best day
Shot down in flames
You're in the worst position
No one else to blame
You're fucked!
It's your dumb luck you didn't listen

When it's taking way too long
Are you really really that strong?
When all you've got are questions and dreams
And you don't know what they mean

It's Halloween In July
You're so mixed up and you don't know why
Oh it's Halloween In July
You're so damn sad but you don't know why
Do you know why?
Do you know why you cried?
Oh yeah

There's a million things you could do
But that'll just make you over confused
You know that Slumber is your #1 friend in the world
It's a boy
It's a girl

You're in deep
Nothing here will ever hurt you or abuse you
Your excited & over confused
Stuck in flux and you don't know why
When your aching patiently
And all you want to know is why?

It's Halloween In July
You're so mixed up and you don't know why
Oh it's Halloween In July
You're so damn sad but you don't know why
Do you know why?
Do you know why you cried?
Oh yeah

Do you know why you cried

You know why you cried
Oh yeah
