Here it comes again
Here it comes again
Here it comes again

I no longer have the head space
I no longer have the heart space
Erase & Erase everything
No more time to waste

I no longer have the hate space
I no longer have the love space
Erase & Erase & Erase & Erase Everything
No more time to waste
No more time to waste

Here it comes again
A pain I must defend
Oh Here it comes again
Oh no I can't pretend

When it rips it twists
Alive it exists
Oh my pain is a gift

I no longer have the head space
I no longer have the heart space
I no longer have the head space
I no longer have the heart space
I no longer have my fucking space
I no longer have my sucking space
You took and took and took and took
Until all I could do was hate

Here it comes again
A pain I must defend
Here it comes again
Oh no I can't pretend
When it Rips it twists
Alive it exists
Oh my pain is a gift

I built this wall of sound to keep you out

I built this wall of sound to keep you out
I built this wall of sound to keep you out
I built this wall of sound to keep you out
I built this wall of sound to keep you out
Yeah
I built this wall of sound to keep you out
