I was through and finished with love
My swan song tragic and comic
Made myself silly and sick
But then you came along and changed all of it

Oh no here I go I think I'm falling in love again
Oh no I hope my heart can take all the pain
I swear this has to be the last time the last big ordeal
If this all falls apart I'll never ever know what to feel

I was an island of a man, did not care to be found
Gave in gave up, lived my life only for sound
Ask my friends I was at the end
Oh go ask my friends

Then you came along and turned it all around

Oh no here I go I think I'm falling in love again
Oh no I hope my heart can take all the strain

Who am I to think I can solve the greatest mystery in
history
