This is my moment  
This is my time  
When the clock strikes  
I'll open my eyes

Drowning in colours  
Flooding my sights  
What's the point of being human  
If I'm not alive?

Twisting in a maze is there no way out?  
Reaching for a light but I don't know how  
Stranded at a height sleeping through this life  
When you turn around to find

Waking the coma in your soul  
Cause if you don't try this time  
Then you'll never know

Out of the shadows into the new  
It's not enough for me is it enough for you?

Twisting in a maze is there no way out?  
Reaching for a light but I don't know how  
Stranded at a height sleeping through this life  
When you turn around to find

As the clock strikes  
I open my eyes

Waking the coma in your soul  
Cause if you don't try this time  
Then you'll never know

Drowning in colours  
Flooding our eyes  
What's the point of being human  
If we're not alive?

Twisting in a maze is there no way out?  
Reaching for a light but I don't know how

Stranded at a height sleeping through this life  
When you turn around, when you feel alive

Tossing on the back of an ocean wave  
Searching in your heart for another way  
Stranded on a high sleeping through this life  
When you turn around to find  
When the clock strikes  
We'll open our eyes
