I'm a shadow's fall.  
I wanna know why, because I trusted you and because  
I'm in love.  
Why you and me?

Cold love.

I can't stand this no more.  
The loss of someone so special.  
The goods cannot be ignored.  
And you're too close, now let me fade away.  
Fade away.

I hope to see you again,  
In a better time and in a better place.  
So we can sit and talk like we used to.  
And I see you know.

I can't stand this no more,  
The loss of someone so special.  
The goods cannot be ignored.  
And you're too close, now let me fade away.  
Fade away.

I hope to see you again,  
In a better time and in a better place.  
So we can sit and talk like we used to.  
And I see you know.

I'm a shadow's fall.  
I'm a shadow's fall.

I see you know,  
I've killed the pain inside.  
I can feel your hand inside mine.  
As we walked toward the depth, toward lies.  
I see you now, girl, with me.

I see you know the pain inside.  
Walk of death.  
Through the valley.
