Lovers come and lovers go
Once they lived but now they're ghosts
Walking the streets they used to know
Like shadows

People disappear
Every hour and every year
Sometimes I believe they're here
Like shadows
Like shadows

Who can you trust in this place?
In whom can I put my faith?
If you're real then show me now
Who you are

How can I love without grace?
Shine a light on your face
If you're real then show me now
Who you are

Blowing like a secret wind
Pouring on my naked skin
Like a river flowing in the ocean

And when I turned to see your face
I saw a joy I could not place
Vanishing without a trace
Like a shadow in the sun

Who can you trust in this place?
Where can I put my faith?
If God is love then why's the world
The way it is?

How can I love without grace?
Shine a light on your face
If you're real then show me now
Who you are!
