I know the story  
I've seen it all  
Watched many lonely suns  
Rise and fall  
I've ehard the whisper  
I've seen the dream  
Caught in the middle  
Of in between  
Loving and hurting  
Still turn round  
In the wheel together  
Live for you!  
Die for you!  
What will I do if I've  
Lost you forever  
Now or never  
When will your lovin'  
Ever come  
I need to be there  
One to one  
When will your lovin'  
Ever come  
I've got to be there  
One to one  
I've seen the same thing  
So many times  
You think you're different  
Then you fall in line  
Stop charading don't pretend  
There is no finish line  
The game just ends  
My life and your life  
Still chasing dreams  
That go on forever  
Hear me!  
Believe in me!  
I'll be there for you whenever  
Now or never  
So now it's over  
Said and done  
I realize I never could

Have won  
Let's talk it over  
Let's turn it down  
I found the fortune  
That can't be found  
My heart and your heart  
Just beat in time  
Still locked together  
Stay with me  
You give me  
Loving so good that's new forever  
Now or never
