If you'll only say it once
Then say it now
And if you'll only come here once
Then come here now

Close the door and let me watch
My skin is burning like a fire
Take that red dress off
I want to see my desire

'Cos every feeling that you've lost
Is waking up inside you
And every dream you've cast away
Is coming back to find you

If you only do it once
Then do it now
And if you only dream it once
Then dream it now

Don't allow your heart
To accept a prison
'Cos you took my heart
And you gave it vision

'Cos every feeling that you've lost
Is waking up inside you
And every dream you've cast away
Is coming back to find you

When you find your love
Don't let it go to sleep
When you find your love
Let it go, let it go deep

'Cos when you've found your love
Then you've found your belief
'Cos when you've found your love
Hey babe you've found, you've found me

If you'll only say it once
Then say it now

And if you'll only come here once
Then come here now

Close the door and let me watch
My skin is burning like a fire
Take that red dress off
I want to see my desire

'Cos every feeling that you've lost
Is waking up inside you
And every dream you've cast away
Is coming back to find you

If you only do it once
Then do it now
And if you only dream it once
Then dream it now

Don't allow your heart
To accept a prison
'Cos you took my heart
And you gave it vision

'Cos every feeling that you've lost
Is waking up inside you
And every dream you've cast away
Is returning back again
