Turning into
Someone else
I don't want to be
Searching for
Something else
Something but not me
Staring in the light

This is not a dream
This is not a dream
This is just too real
Won't you say what you mean?
Won't you say what you mean?
This is not a dream
Oh
Where did I go?

Tie me down
Kiss me now
I don't want to leave
Fuck me now
Don't let me fall
Asleep
Cause it's not enough to breathe

This is not a dream
This is not a dream
This is just too real
Won't you say what you feel?
Won't you say what you feel?
This is not a dream
Oh

This is just what it seems
This is just what it means
Tell me just what it means!

This is not a dream
This is not a dream
This is just too real
Won't you say what you feel?

Won't you say what you feel?
This is not a dream
Oh, where did I go?
