All my life I've waited here
Surrounded by a crowd
Waiting for a moment to appear
When I could sing out loud

Yeah we live
And we breathe
But do we learn what we need?

Circling around
Cause you never picked the
Pieces off the ground
Vultures in the air
If you wait another moment
You'll be theirs

Every world inside your head
Is a person dreaming
And every word you've ever said
Was said while you were sleeping

Do we know any more
Than when we first saw this place?

Circling around
Cause you never picked the
Pieces off the ground
Vultures in the air
If you wait another moment
You'll be theirs

Do I know any more
Than when I first saw this world?

Circling around
Cause you never picked the
Pieces off the ground
Vultures in the air
If you wait another moment
You'll be theirs
