The rumors are vicious
My ears are burning
It's been a long hard day
Telephone rings
Still got nothing to say

Considerations tossed out the window
I feel a little bit wired
The rules say anything goes
But I don't wanna play

You said I could walk away
Take me back to where
My life burns

I'm still searching for something
I'm still looking for someone
But I'm caught in the middle
Of a broken heart and a life on the run

Took a long walk
Down through the backstreets
I heard the city scream
Reminds me of the time
I run wicked and free

Now here I stand all alone
But I'm back to where
My life burns

I'm still searching for something
I'm still looking for someone
But I'm caught in the middle
Of a broken heart and a life on the run

One heart, one home
But I'm still holding on
I've loved but I've roamed
Now I'm going home, going home, yeah

I'm still searching for something
I'm still looking for someone

But I'm caught in the middle
Of a broken heart and a life on the run

I'm still searching for something
I'm still looking for someone
But I'm caught in the middle
Of a broken heart and a life on the run

Broken heart and a life on the run
Broken heart, life on the run
