Kill these lies that hold us together every way that you see fit.

Live a life you'll always remember, lose all of the life that I miss.

You will go along hating everything

As this moment passes by to hear every word still ring.

Everlasting liesâ€¦stillâ€¦they're all that's left.

The answer catches on.

Every word will speak regret.

I was not left here to die.

Leave behind the mistakesâ€¦only one was ever made.

Vow again to pledge denial every time the light will fade.

Has it gone all wrong entering my fate?

Revelations of the pastâ€¦every word was said too late.

Never sweet and lowâ€¦dearest promises.

Left me here alone entranced to weak loneliness.

I will go along with your second chances.

It comes right back to me.

I hate the living: the ones who come right back to destroy me.

Shame leaves this to indecisionâ€¦your faith in fatal missions.

I will go on.
