

## Glassbyrd "This Window"

I was so down  
'Til Your love broke through gray clouds  
I wanna thank You for the way You're  
Blessing me right now  
You give me peace  
Like a songbird in the breeze  
I wanna realize You  
More with every breath I breathe

I'm gonna open wide this window  
Feel the wind blowing on my face  
I'm gonna open wide this window  
See the light of Your amazing grace  
I'm gonna open wide this window

I was so blind  
Until You restored my sight  
I wanna give You all the glory for the  
Morning light  
On this new day  
I will lift my voice in praise  
I wanna celebrate the goodness of  
Your holy name

To marvel at Your wonders  
To seek and understand Your ways  
To feel the wind through my soul  
To see the light of grace
