Since day one, you've been away
And since then you...
You've made me stay
Alone in a world where I'd like to hear
The words of approval ringing in my ear

Cause I don't ask for much
Yet I want it all
I've gained nothing from this
You want to see me fall

But we will stick to our passions
We'll keep playing far and away
Alone in a world where I'd like to see
The smile on your face which means security

Cause I don't ask for much
Yet i want it all

I've gained nothing from this
You want to see me fall

Don't live life by the norm' in society
Do what you have to do to keep you happy
And what if it doesn't matter to them at all
It makes sense to you keep on, don't stall

Cause I don't ask for much
Yet I want it all
I've gained nothing from this
You want to see me fall
