Let's take a break from this
So you can quickly start with that
If I could show you how would I feel right now
Maybe it's jealousy, maybe it's me knowing
I couldn't be there for you, I've never felt that way

Close your eyes and make a wish
So we can end this final chapter
This book has waited too long to close
Please end this final chapter

Close your eyes and make a wish
So we can end this final chapter
This book has waited too long to close
Please end this final chapter

Maybe it's just me realizing
I didn't know you, I just craved you
Maybe I did know you
But it was just time before you realized

No matter how much I would give you
You would always want more with me
Tried to capture as much happiness
I've never felt that way

And I'll be the first one to say
This happened for a reason
And you'll be the first one to say I told you so
Before you continue to confuse me
Before I continue to confuse me
I wish I could relive our good days in replay

Close your eyes and make a wish
So we can end this final chapter
This book has waited too long to close
Please end this final chapter

Close your eyes and make a wish
So we can end this final chapter
This book has waited too long to close
Please end this final chapter
