You can never understand me.
'Cause I, I felt this in my...
I felt this in my soul.
You never made an understanding.
'Cause I, I felt this in my...
I felt this in my soul.
This, this never meant shit to you.
I could prove that.
My, my moist eyes..
You broke a sweat and I belong here.

You can never understand me.
'Cause I, I felt this in my...
I felt this in my soul.
You never made an understanding.
'Cause I, I felt this in my...
I felt this in my soul.
This never meant shit to you.
I could prove that.
My, my moist eyes..
You broke a sweat and I belong here.
I belong here now.
You took my hand and led me wrong,
Now I'm back and I'm sad.
And I... I wanna know why.

It's always on my mind, I can't get it out..
I wake up at night, in my bed, and its on my mind.
It's always on my mind.
And I can't get it out.

It's always on my mind, I can't get it out..
I wake up at night, in my bed, its on my mind.
It's always on my mind.
And I can't get it out.
I know I try.
