I was out in the cold  
Alone in the night  
How could I carry on?  
Felt so empty inside

All you gave me were promises  
Nothing better than lies  
Hit and run x4

Told me how it could be  
Showed me how to believe  
But I just didn't realise  
It was all in my dreams

All you gave me were promises  
Nothing better than lies  
Hit and run x4

But I know better now  
I've found another way  
One thing I know for sure  
I'm gonna live for today

Say goodbye to the bad times  
Now I'm free on my own

Say goodbye to the bad times  
Now I'm free on my own  
Hit and run x12
