"A Snowflake Fell"

The breeze, from the graveyard keeps murmuring death
Too much time harbors thoughts in heads
Now I'm compelled to care
About my future going nowhere

As I stand here all alone in the cold
wondering where I'm going today
Then a snowflake fell
and it felt like a kiss now I'm OK.

The ringing from the bells keeps screaming out love
As snow fell from heavens above
Directionless no more
Emptiness no more

Now I don't feel so all alone in the cold
wondering where I'm going today
For a snowflake fell
and it felt like a kiss now I'm OK
