If I see you on the same cloud as mine
To say hello, would that be fine?
If I said things, said things that were wrong
Words at this point too late to go back on

There will be no holding back
I'll tell you a feeling
Tonight when I see you
When I'm dream dream dreaming

I know you're out there somewhere
I know you're out there somewhere
I know you're out there somewhere
I know you're out there somewhere

If I left you, left you on your own
Ah James, I too was lost and alone
I miss you nocturnally, I'll love you eternally
I've cried you an ocean in my own little way

There will be no holding back
I'll tell you a feeling
Tonight when I see you
When I'm dream dream dreaming

I know you're out there somewhere
I know you're out there somewhere
I know you're out there somewhere
I know you're out there somewhere

I miss you nocturnally, I'll love you eternally
I've cried you an ocean in my own little way

I know you're out there somewhere
I know you're out there somewhere
I know you're out there somewhere
I know you're out there somewhere

There will be no holding back
I'll tell you a feeling
Tonight when I see you
When I'm dream dream dreaming

No holding back
I'll tell you a feeling
Tonight when I see you
When I'm dream dream dreaming

No holding back
I'll tell you a feeling
Tonight when I see you
When I'm dream dream dreaming
