If he wants to fight you
At the school gates
Half past four grab your bag
Don't you be late, oh

If he wants to hit you
Hit you in the face
If he wants to hurt you
In front of your mates

If he wants you to run away
Run away, run away
Don't you fucking run away

Go square go, go square go
Go square go, go square, go square go

Don't you wait for the bell
To ring ding-a-ling-a-ling
One step forward then a
Bada, bada, bing, woah

Don't you make me go down to the pub
With all my mates knowing
Some individual smashed you up
You know it's just something

That you will have to face
Face to face, man to man
Here and now
Biff, bang, pow

Go square go, go square go
Go square go, go square, go square go

I don't really feel too good
My heart is beating faster

My dad told me not to come home
If I don't kill this bastard

My dad is right, my dad is right

My dad is right, my dad is right
Win, lose or draw this bullying
If I don't fight, I can't go on

Here we, here we, here we, here we
Here we, here we fucking go
Here we, here we, here we, here we
Here we, here we fucking go

Here we, here we, here we fucking go
Here we, here we, here we fucking go
Here we, here we, here we fucking go
Here we, here we, here we fucking go

Here we, here we, here we fucking go
Here we, here we, here we fucking go
Here we, here we, here we fucking go
Here we, here we, here we fucking go

Here we, here we, here we fucking go
Here we, here we, here we fucking go
Here we, here we, here we fucking go
Here we, here we, here we fucking go
