I'm gonna get stabbed
The baltic fleeto,
Are up my arse...
No cavalry
Could ever save me

I'm gonna get stabbed
I'm gonna get...

You don't want to stab me
'Cos you don't know my family
I'm top man from birming-japan
You don't want to stab me
You don't want to...

I had my choice
I took my choice
That was to stand the fleeto boys
Now I'm running for my life
I seen the sword and changed my mind

I'm gonna get stabbed

So... better... run rabbit
Run rabbit run rabbit run
I better run rabbit

Run rabbit run rabbit run
Gonna get stabbed
Gonna get...
Gonna get stabbed
I'm gonna get stabbed
