Anyone, anywhere, anytime, scream

#### ENGLISH TRANSLATION

Anyone, anywhere, anytime, scream  
Anyone, anywhere, anytime, scream

If you can see light in the future that we've grasped  
ahold of  
Why...do we hurry on ahead?  
My arms that are held high in the sky  
No longer have any reason to feel pain

Still don't know what I'm looking for  
Even if the world deceives itself  
Still don't know what I'm looking for  
I'll protect you

Passing through time, people repeat their conflicts  
The connected thread will soon be cut  
In order for this stagnant world to eliminate sadness  
Only time must pass...

Anyone, anywhere, anytime, scream  
Anyone, anywhere, anytime, scream

Everyone knows that on that day that can't be returned  
to  
Desires run wild  
We're hurting ourselves  
Justice, in some cases, is the devil

You barely made it, now or never  
Someone's wings were broken on that day  
I wanna be there. Make it better  
We arrived on the ground  
Someday you can make it  
It certainly sounded out, the scream of new life

Whenever I go, the pain will disappear  
Angry feelings are hiding in the shadows  
"Nameless me has not lost anything"  
I'm still searching for it

Anyone, anywhere, anytime, scream

Whenever I go, will the pain disappear?  
If I offer my feelings up to the darkness that I look up to  
What is it that will be composed and revived in this  
world?  
It's not over yet

Anyone, anywhere, anytime, scream

Whenever I go, the pain will disappear  
Angry feelings are hiding in the shadows  
"Nameless me has not lost anything"  
I'm still searching for it

Anyone, anywhere, anytime, scream

Whenever I go, will the pain disappear?  
If I offer my feelings up to the darkness that I look up to  
What is it that will be composed and revived in this  
world?  
It's not over yet

Anyone, anywhere, anytime, scream

It's fading in my mind  
If I take back my memories from that day  
Will our future change, I wonder?  
It's something that I should be watching over now...

Anyone, anywhere, anytime, scream
