All my life I've waited for the right moment  
To let you know I don't wanna let you go  
But now I've realized there's just no perfect time  
To confess how I feel, this much I know is real

So I refuse to waste one more second  
Without you knowing my heart

Baby 'cause I don't need  
anything else but your love  
Nothing but you means a thing to me  
I'm incomplete, when you're not there

Holding me, touching me, I swear all of the rest  
Could just disappear  
And I wouldn't even care  
As long as you're there

Take these words  
Don't let them go unheard  
This is me reaching out  
I hope you can hear me now

'Cause baby, my heart's at stake  
Take it, it's yours to break  
I'd rather try and lose  
Than keep this love from you, yeah

So I refuse to waste one more second  
Without you knowing my heart

Baby 'cause I don't need  
anything else but your love  
Nothing but you means a thing to me  
I'm incomplete, when you're not there

Holding me, touching me, I swear all of the rest  
Could just disappear  
And I wouldn't even care  
As long as you're there

Each day and night that

I've kept this a secret  
It killed me, it's time  
To share what I feel inside

No, baby 'cause I don't need  
Anything else but your love  
Nothing but you means a thing to me  
I'm incomplete, when you're not there

Holding me, touching me, I swear all of the rest  
Could just disappear  
And I wouldn't even care  
As long as you're there
