I never saw a reindeer fly
Make it's way across the sky
But I know if I close my eyes my wishes will come true
Like the one I've saved for you

Let it snow, let it snow, let it snow, let it snow
Don't care it's cold outside
Let it snow, let it snow, let it snow, let it snow
I'll keep you warm tonight
Through the good times and bad
Happy and sad
I'm still holding on
I know what I have
And all that I want is Christmas Eve with you
With you, yeah

The simple things like goin' home
And friends they say you're not alone
Songs of joy they keep you strong make everything
okay
Oh and Santa's on his way (on his way, yeah)

Let it snow, let it snow, let it snow, let it snow
Don't care it's cold outside
Let it snow, let it snow, let it snow, let it snow
I'll keep you warm tonight
Through the good times and bad
Though happy and sad
I'm still holding on
I know what I have
And all that I want is Christmas Eve with you
Yeah, yeah, yeah

The sleigh bells are ringing
They're getting real close
I think I hear Rudolf
Just up the road
Candle lights
And hearts full of hope
The stars shining bright
Some things never change

Let it snow, let it snow, let it snow, let it snow
My arms are open wide
Let it snow, let it snow, let it snow, let it snow
I'll keep you warm tonight
Through the good times and bad
Though happy and sad
I'm still holding on
I know what I have
And all that I want is Christmas Eve with you

Let it snow, let it snow
The fire's burning bright
Let it snow, let it snow, let it snow, let it snow
I'll keep you warm tonight
It's not just the gifts
Under my tree
The best things in life
I'm totally free
And waitin' for me is Christmas Eve with you
Is Christmas Eve with you

This is an instrumental song with a few lines sung by
