Marley:

Whoâ€™s to say, whoâ€™s not okay  
The breakaways, will outlast, will outlast

Jake:

Sticks and stones, wonâ€™t break these bones  
Theyâ€™re just some drones  
To get past, Iâ€™ll get past

Unique/Wade:

Feeling downcast, like an outcast  
Underdogs, itâ€™s time to bite back

All:

We are, we are, we are, we are  
Stronger from every scar, scar  
Brighter than any star, star  
Weâ€™re the outcast, outcast  
Thereâ€™s nothing you can say  
To blow our dreams away  
We rise above the fray  
Weâ€™re the outcast, outcast

Kitty and Ryder:

In this skin, Iâ€™m better than  
Iâ€™ve ever been, so take that, yeah, take that

Marley and Jake:

The test of time will show who shines  
It will be mine  
Yeah, the last laugh, the last laugh

Feeling downcast, like an outcast  
Underdogs, itâ€™s time to bite back

We are, we are, we are, we are  
Stronger from every scar, scar  
Brighter than any star, star  
Weâ€™re the outcast, outcast  
Thereâ€™s nothing you can say  
To blow our dreams away

We rise above the fray  
Weâ€™re the outcast, outcast

Iâ€™d rather be outrageous than  
Just another door pushing again  
Iâ€™d rather be a rainbow than  
Just some shade of grey

Unique/Wade:  
Feeling downcast, like an outcast  
Underdogs, itâ€™s time to bite back

All:  
We are, we are, we are, we are  
Stronger from every scar, scar  
Brighter than any star, star  
Weâ€™re the outcast, outcast  
Thereâ€™s nothing you can say  
To blow our dreams away  
We rise above the fray  
Weâ€™re the outcast, outcast.
