Where they at [8X]

If you wanna go and take a ride wit me
We three-wheelin in the fo' with the gold D's
Oh why do I live this way? (Hey, must be the money!)

In the club on the late night, feelin right
Lookin tryin to spot somethin real nice
Lookin for a little shorty hot and horny so that I can take
home
(I can take home)
She can be 18 (18) wit an attitude
or 19 kinda snotty actin real rude
Boo, as long as you a thicky thicky thick girl you know
that it's on

(Know that it's on)
I peep something comin towards me up the dance floor
Sexy and real slow (hey)
Sayin she was peepin and I dig the last video
So when Nelly, can we go; how could I tell her no?
Her measurements were 36-25-34
Yellin I like the way you brush your hair
And I like those stylish clothes you wear
I like the way the light hit the ice and glare
And I can see you moving way over there
