There's a fire starting in my heart
Reaching a fever pitch and it's bringing me out the dark
Finally, I can see you crystal clear
Go ahead and sell me out and I'll lay your ship bare

See how I'll leave with every piece of you
Don't underestimate the things that I will do
There's a fire starting in my heart
Reaching a fever pitch and its bringing me out the dark

The scars of your love remind me of us
They keep me thinking that we almost had it all
The scars of your love, they leave me breathless
I can't help feeling, we could have had it all

Rolling in the deep
You had my heart inside of your hand
And you played it to the beat

Baby, I have no story to be told
But I heard one on you and it's gonna make your head burn
Think of me in the depths of your despair
Making a home down there, as mine sure won't be shared

The scars of your love remind me of us
They keep me thinking that we almost had it all
The scars of your love, they leave me breathless
I can't help feeling we could have had it all

Rolling in the deep
You had my heart inside of your hand
And you played it with a beating

Could have had it all
Rolling in the deep
You had my heart inside of your hand
But you played it with a beating

Throw your soul through every open door

Count your blessings to find what you look for
Turn my sorrow into treasured gold
Pay me back in kind and reap just what you sow

We could have had it all
We could have had it all
It all, it all, it all
We could have had it all

Rolling in the deep
You had my heart inside of your hand
And you played it to the beat
You could have had it all

Rolling in the deep
You had my heart inside of your hand
And you played and you played
And you played it and you played it to the beat
