Take all of your wasted honor Every little past frustration Take all of your so-called problems, Better put 'em in quotations Say what you need to say Walking like a one man army Fighting with the shadows in your head Living out the same old moment Knowing you'd be better off instead, If you only could . . . Say what you need to say Have no fear for giving in Have no fear for giving over You'd better know that in the end Its better to say too much Then never say what you need to say again Even if your hands are shaking And your faith is broken Even as the eyes are closing Do it with a heart wide open Say what you need to say Say what you need to say

Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say Say what you need to say
