Both Sides Now Lyrics

Bows and flows of angel hair, and ice cream castles in
the air
Feathered canyons everywhere, I've looked at clouds
that way
Now they only block the sun, they rain and snow on
everyone
So many things I could have done, but clouds got in my
way
I've looked at clouds from both sides now from up and
down and still somehow
It's cloud's illusion I recall, I really don't know clouds at
all

Moons and Junes and farris wheels. The dizzy dancing
way you feel
When every fairytale comes real. I've looked at love
that way
Now that's just another show you leave them laughing
when you go
If you care don't let them know don't give yourself
away
I've looked at love from both sides now from give and
take and still somehow
It's love's illusion I recall I really don't know love at all

Tears and fears and feeling proud to say I love you
right out loud
Dreams and schemes and circus crowds I look at life
that way
Now old friends are acting strange. They shake their
heads they say I've changed
But something's lost and something's gained in living
every day
I've looked at life from both sides now from win and
lose and still somehow
It's life's illusion I recall. I really don't know life at all
