Take my hand for a while
Explain it to me once again
Just for the sake
Of my-y broken heart
Look into my eyes
And maybe I will understand
How love I counted on
Was never there
You see, I-I thought
That you might love me
So you caught me, it seems
Off balance with a heart so full
Of love and pretty dreams
That two should share
And so, I-I know
But please before you go
Take my hand for a while
Explain it to me once again
Just for the sake
Of my-y broken heart
