This is a men's world, this is a men's world
But it wouldn't be nothing, nothing without a woman or a girl
You see, men made the cars to take us over the road
Men made the trains to carry heavy loads
Men made electric light to take us out of the dark
Men made the boat for the water, like Noah made the ark

This is a man's, a man's, a man's world
But it wouldn't be nothing, nothing without a woman or a girl

Men thinks about a little baby girls and a baby boys
Man makes them happy 'cause man makes them toys
And after man has made everything, everything they can
Do you know that men makes money to buy from other men

This is a men's world
But it wouldn't be nothing, nothing without a woman or a girl

He's lost in the wilderness
He's lost in bitterness
He's lost, lost somewhere in this, in loneliness..
