(What can I do you win again)
The news is out all over town that you've been seen out
runnin' round
Now I know that I should leave but then I just can't go
you win again
This heart of mine could never see what everybody
knew but me
Lord just trusting you was my great sin what can I do
you win again
(What can I do you win again)

I'm so sorry for your victim now for soon his head like
mine will bow
Oh he'll give his heart but all in vain and someday say
you win again
You have no heart you have no shame you take true
love and give the blame
But I guess that I should not complain I love you still
you won again
