And when the daylight dies
You'll still be there
When I close my eyes
And I'll follow, follow you

RU into the midnight blue
You light a torch and
It cuts right through
And I'll follow, follow you

I see you on the boulevard
Like a movie star on the cover
And now my heart beats
Like a drummer

If I lose my way tonight
I know it's gonna be all right
Cause I'll follow, follow you

Cause I'll follow you

If I ever fall behind
You'll be right there
To show me a sign
I can follow, follow you

If you go away
That's where I'll be
A world without you is
No place for me
I'm gonna follow you

When I think of you
And the things you say
What you choose to keep
What you throw away

You give the word
And I won't be afraid

If I lose my way tonight
I know it's gonna be all right

Cause I'll follow, follow you
Cause I'll follow, follow you

Maybe I'm a fool
To put my trust in you
Don't you know my faith
Is all I have

Hey

When I think of you
And the things you say
What you choose to keep
What you throw away

You give the word
And I am not afraid

If I lose my way tonight
I know it's gonna be all right
Cause I'll follow, follow
Follow, whoa, follow you

If I lose my way tonight
I know it's gonna be all right
Cause I'll follow, I'll follow you
Follow you, I'll follow you

Follow you, follow you
Follow you, follow you...

I'll follow you
