And I love you so, the people ask me how
How I've lived till now, I tell them I don't know
I guess, they understand, how lonely life it's been
But life began again the day you took my hand

And yes, I've known, how lonely life can be
The shadows follow me and the night won't set me free
But I don't let the evenin' get me down
Now that you're around me

And you love me too, your thoughts are just for me
You set my spirit free, I'm happy that you do
The book of life is brief and watch the pages with
All but love is there, that is my belief

And yes, I've known, how lonely life can be
The shadows follow me and the night won't set me free
But I won't let the evenin' get me down
As long as you're around me
