There we were in this old mo-ovie
We were watchin' actors play-ay charades
We were playin' right along as best we could
But I could see behind your sha-ade
The plot was old and so fami-iliar
People sluggin' it out for-or nickles and di-hi-hi-himes
We had hear-ear-d the same old stor-or-ry
So we made up our own li-ines
Hey honey lets lose this crazy crowd
There's really no safety in nu-umbers
I love your so for cryin' out loud
And I'm cryin' out loud
I love you so, oh-hoh-hoh-hoh
You look really like an a-angel
When you said stop runnin', it slows you dow-own
But you were makin' co-on-versa-ation
That was makin' my heart frow-own
Hey honey, let's lose this crazy crowd
There's really no safety in nu-umbers
I love you so for cryin' out loud
And I'm cryin' out loud
I love you so, oh-hoh-hoh-hoh
Honey, I'm a-cryin' out loud, I love you so
Hear me cryin' out loud, I love you so-ho
Ahhh-lahh-ahh-wahh-wahh
