I have to admit
That no-one could love me like you did
And there were more laughs
Than tears any day
Like children at play
But somewhere and somehow
We lost each other
How high did we go-o
When we loved each o-other
How high did we go-o
When we said we care-hare-are-hared
For the first time I'm scare-ared
I have no regrets
Lookin' back
I hold nothi-ing against you
'Cause I learned to love
And that's more than most ever know-ow-ow
And I just can't belie-ieve
That we've lost each other
How high did we go-o
When we loved each o-other
How high did we go-o
When we said we care-hare-are-hare-ared
For the first time I'm scare-ared
How high did we go-o-ho-ho
When we loved each o-other
How high did we go-o
When we said we care-hare-are-hared
