The moment I wake up  
Before I put on my makeup  
(By the time I get to Phoenix  
She'll be rising)  
I say a little prayer for you  
(She'll find the note  
I left hanging on her door)

While combing my hair now  
(She'll laugh when she reads  
The part that says I'm leaving)  
And wondering what dress to wear now  
I say a little prayer for you  
(Cause I've left that girl  
So many times before)

Forever and forever  
(By the time I make Albuquerque  
She'll be working)  
You'll stay in my heart  
And I will love you

Forever and ever  
(She'll probably stop at lunch  
And give me a call)  
We never will part  
And how I love you

Together, together  
(But she'll just hear that  
Phone keep on ringing)  
That's how it must be  
To live without you would  
(Off the wall)  
Only mean heartbreak for me  
(That's all)

I run for the bus, dear  
While riding, I think of us, dear  
(By the time I make Oklahoma  
She'll be sleeping)  
I say a little prayer for you

(She'll turn softly and  
Call my name out low)

At work I just take time  
(And she'll cry just to feel)  
And all through my coffee break-time  
(I'd really leave her)

I say a little prayer for you  
(Though time and time  
I've tried to tell her so)  
I say a little prayer for you  
(She just didn't know  
I would really go)

No, she didn't know I'd go
