Everything I have in this world
I give it to you
Everything I see in this world
I see it through you, oh yes I do

You're all that's in my heart
You're all that's in my head

You know I believe this
That your amazing grace
It's your amazing grace
Yes it is

I hold my head in my hands and I cry
When I think of you
Amazing grace
Keeps us together

You're all that's in my heart
You're all that's in my head

You know I believe this
That your amazing grace
It's your amazing grace
Yes it is

I hold my head in my hands and I cry
When I think of you
Amazing grace
Keeps us together
