Me and my guitar here we go a bummin'
Searchin' near and far for the rainbow's end
Me and my guitar down the road a thumbin'
Tryin' to catch a star driftin' in the wind

Norwood, the morning seems to whisper
Norwood, where you going, mister?
I don't know
All I know is I've gotta go
Looking for tomorrow
Through sunshine and sorrow
Laughter and rain

Me and my guitar, happy when we're bummin'
Don't care where we are
Don't care where we've been
Me and my guitar, tell the world we're comin'
We're gonna be a star
Me and my guitar

Norwood, the morning seems to whisper
Norwood, where you going, mister?
I don't know
All I know is I've gotta go
Looking for tomorrow
Through sunshine and sorrow
Laughter and rain

Me and my guitar here we go a bummin'
Happy when we're bummin'
