Look out, old Norwood's a-comin' home
Well he's been away on a four year government loan
Well he's a fighter and a lover
All the girls better run for cover
A-look out, old Norwood's a-comin' home

When he gets back to his hometown
I wonder if he'll settle down
Even as a lad he was hard to tame
Things around here ain't never gonna be the same

Well he ain't changed though he's a little older
Still wears a guitar around his shoulder
Look out, old Norwood's a-comin' home

When he gets back to his hometown
I wonder if he'll settle down
Even as a lad he was hard to tame
A-things around here ain't never gonna be the same

He ain't changed though he's a little older
Still wears a guitar around his shoulder
Look out, old Norwood's a-comin' home
