(From the movie 'Norwood')

Look out, old Norwood's a'coming home
Well, he's been away on a 4 year government loan
He's a fighter and a lover
All the girls better run for cover
Look out old Norwood's a'coming home

When he gets back to his hometown
I wonder if he'll settle down
Even as a lad he was hard to tame
Things are here ain't never gonna be the same

He ain't changed though he's a little older
Still wears a guitar round his shoulder
Look out old Norwood's a'coming home

When he gets back to his hometown
I wonder if he'll settle down
Even as a lad he was hard to tame
Things are here ain't never gonna be the same

He ain't changed though he's a little older
Still wears a guitar round his shoulder
Look out old Norwood's a'coming home
Look out old Norwood's a'coming home
