Well he can't be more than seventy
She's not a day over sixty-five
But they'd returned to a plane in forty-three
And their fire's still burning bright

They'll be found holdin' hands at the picture show
Lookin' just like Juliet and Romeo
The sad song won't steal the beat away
They got a special kind of love that's here to stay

See the romance on the port of sea
Auburn hair grew a silver linin'
There's something in their eyes
You just don't see these days

I wanna love somebody like that, I wanna hold on
forever
Two heart's become one with a love like that
I wanna love somebody like that
I wanna love somebody, yeah

I was head over heels in junior high
And it lasted a week or two
When my heart was destroyed I cried and cried
'Til I found me somebody new

Life without a real love is tragedy
That's why I'm gonna find a love that's right for me
I've gotta look beyond what my eyes can see
Until my dreams are reality

There's gotta be more to fallin' in love
Than fallin' away when the stayin' gets tough
I want my love to be young
When I'm old and gray

I wanna love somebody like that, I wanna hold on
forever
Two heart's become one with a love like that
I wanna love somebody like that
I wanna love somebody, yeah

I wanna love somebody like that, I wanna hold on
forever
Two heart's become one with a love like that
I wanna love somebody like that
I wanna love somebody
I wanna love somebody like that
