This is
What I wanna live for
This is
Where I wanna li-i-ive
To give my life to you
And to this feeling
That's alive today
And never let it go-o-o away-ay
No matter what this is
This is
And how can I deny it
This is
And will not be deny-y-yed
And you don't have
To give an explanation
For the way you feel
I only wanna know
Know-ow it's rea-eal
No matter what this is
To give my life to you
And to this feeling
That's alive today
And never let it go
Never let it go away-ay
No matter what this is
No matter
No matter what this is
It's everything that is
