Some day in some old familiar rain will come along and
know my name
And then my shelter will be gone and I'll have to move
along
But till I do I'll stay awhile and track the hidden country
of your smile
Some day the man I used to be will come along and call
on me
And then because I'm just a man you'll find my feet are
made of sand
But till that time I'll tell you lies and chart the hidden
boundrys of your eyes
Some day the world I used to know will come along and
lead me go
Then I'll be leaving you behind for love is just a state of
mind
But till that day I'll be your man and love away your
troubles if I can

And till that day I'll be your man and love away your
troubles if I can
