Well if we're gonna make it,  
Cross this river alive,  
You better think like a boat,  
And go with the tide,

And I've known where you've been,  
Has really left you in doubt,  
Of ever finding a harbour,  
Of figuring this out,

And you're gonna need, all the help you can get,  
So lift up your arms now, and reach for it,  
Reach for it...

And take your time babe,  
It's not as bad as it seemed,  
You'll be fine babe,  
It's just some rivers and streams,  
In between, you and where you want to be,

Watch the signs now,  
You'll know what they mean,  
You'll be fine now,  
Just stay close to me,  
And may good hope, walk with you through everything,

La da la... La da na da

Take your time babe,  
It's not as bad as it seems,  
You'll be fine babe,  
It's just some rivers and streams,  
In between, you and where you want to be,

Watch the signs now,  
You'll know what they mean,  
You'll be fine now,  
Just stay close to me,  
And may good hope, walk with you through everything,  
May the song of good hope, walk with you through  
everything.
